Schedule

DAERA Regulations Important Note for Goat Exhibitors

Procedure for Movement of Northern Ireland Goats into and out of Shows

Identification - For Moves to and from a Show

All goats, irrespective of their date of birth, must be identified and comply with the Sheep and Goats Identification Regulations.

All goats and kids must be identified correctly before arriving at the Show. Goats arriving at the Show without identification will be refused admittance.

Movement - Goats Going to a Show

- Movement of goats to Shows must be accompanied by a fully and accurately completed SG2 self-written movement document.
- The individual identification numbers must be recorded on the SG2 document (it is acceptable to attach a printed schedule listing the tag numbers to the SG2). These

numbers should be checked by the Show Operators against the animals presented before the animals are allowed entry to the Show.

- The SG2 movement documents must be stamped by the Show Secretary. The white copy must be sent to the local DAERA Direct Office at the latest by the next working day.
- Show Operators must have books of movement documents (SG2s) for goats and separate books for sheep.

Movement of Goats from a Show

- The yellow copy of the SG2 provided by the Show Operator must accompany the animals back from the Show. This must include details of the Show and receiving herd, the individual tag numbers (manually added or scanned list) or be cross referenced/stapled to the pink copy of the incoming SG2 (only if the whole batch moves out at the same time). Section 3 of the outgoing SG2 must be signed by the herd keeper.
- Both move in and move out white copies of the SG2 must be sent to the Show's local DAERA Direct Office by the Show Operator within 7 days.

Procedure for Movement of Goats from the Rol into and out of Shows

Goats must have two matching identifiers, one of which must carry an EID device.

Note: In order to receive goats from the Rol, the Show premises must be operating to full EU Assembly Centre Standards for goats and be approved for this purpose. As part of these requirements, Rol goats must be kept segregated from NI goats and must be re-exported directly from the Show premises to their premises of origin in the Rol as soon as the Show ends.

Goats Imported Directly into a Show Goats entering a Show will be accompanied with a Health Certificate which must be copied to the local DAERA Direct Office responsible for the Show. An SG2

document must be completed for the move from the Rol to the Show (Show's own SG2 book).

Goats Re-Exported Directly from a Show Goats being re-exported to the Rol will need to be accompanied by:

- Their original Health Certification suitably endorsed by the Veterinarian responsible for the Show.
- Non Co-Minglement Certificate which will be issued by the Veterinarian responsible for the Show.
- An SG2 document which must be completed for the move from the Show to the ROI (Show's own SG2 book).
